Seven Sample Libraries In OneZero G are shipping The Big Reason with over 6500 samples 18-Oct-06

It was announced that Zero-G are now shipping The Big Reason - seven brand new sample libraries, over 6500! samples and over 4Gb!! of material!! all for the price of one library.

This bundle is packed full of loops, instruments, pads, effects and much, much more, all programmed for Propellerheads Reason as NN-19, REX2, NN-XT, Subtractor, Re-Drum, Malstrom and WAV files.

This was designed to cover various music styles including Funk, Trance, Dance, Urban, Ambient, Leftfield and Ethnic/middle eastern with over 6500 samples to choose from. Zero-G have also left all the files unpacked so that non-Reason users can access the samples and use them in their favourite software.

The seven new libraries:

- Binary Finary - a dance music library from the dance maestros themselves.
- Chemical Comedown - pads, fx and soundscapes that create a journey into sound.
- G-Funk Era - an awesome collection of dancefloor funk-ed up essentials
- Guitar Lab - electric & acoustic guitar licks, riffs, notes and chord patterns from a top sessionist.
- Organic Chemistry - other-worldly, exotic, unexplained, alien & avant-garde sounds.
- Percolated Beats - live drumloops from top urban music session drummer Richie Spaven.
- Planet Bliss Loops - over 700 brand new beats suitable for all kinds of dance music.
